◆ Handling of personal information

- If DRC needs to share information about the student with related departments, who to share such information with will be determined by the said student.
- Statistics of enrolled students, department, academic year, and type of disability, among others, might be shared with external related institutions and organizations. However, identifying details, such as name, would never be shared.
- To provide, educate, and conduct research on more appropriate support for students with disabilities, details of consultation might be shared with other professionals without identifying individuals.

Filled by DRC staff (Case staff: )
